13. Flurry Analytics

<https://developer.yahoo.com/flurry/docs/analytics/>

Licensed Uses and Restrictions.

The Yahoo APIs are owned by Yahoo and are licensed to you on a worldwide (except as limited below), non-exclusive, non-sublicenseable, revocable basis on the terms and conditions set forth herein. These Terms of Use define legal use of the Yahoo APIs, all updates, revisions, substitutions, and any copies of the Yahoo APIs made by or for you. All rights not expressly granted to you are reserved by Yahoo.

Subject to the restrictions set forth in these Terms of Use, YOU MAY use the Yahoo APIs and any updates provided by Yahoo (in its sole discretion). Your license to the Yahoo APIs under these Terms of Use continues until it is terminated by either party. You may terminate the license by discontinuing use of all or any of the Yahoo APIs. Yahoo may terminate the license at any time for any reason. This license terminates automatically if (i) you violate any term of these Terms of Use, (ii) Yahoo publicly posts a written notice of termination on Yahoo's Web site, (iii) Yahoo sends a written notice of termination to you, or (iv) Yahoo ceases providing access to the Yahoo APIs to you. Termination of the license constitutes termination of the TOU, except for the following provisions of the TOU, which survive: Data Collection, Storage, and Use; Ownership; Disclaimer of Any Warranty; Limitation of Liability; Exclusions and Limitations; Release and Waiver; Hold Harmless and Indemnity; General Terms; and any other section that would naturally survive termination of the TOU.

Any communication or content submitted by you to Yahoo is subject to these TOU and the TOS, and you grant to Yahoo all rights to use and incorporate such communication and content in the Yahoo API TOU or documentation, or any other Yahoo product or service without compensation to you and without further recourse by you.

Unless otherwise specified, use and redistribution of all computer code made available on the Yahoo Developer Network is permitted in source and binary forms, provided that the following conditions are met:

Redistributions in source code form must contain the copyright notice "Copyright © Oath Holdings Inc. 2008, All Rights Reserved", this list of conditions, and the following disclaimer.

Redistributions in binary form must reproduce the above copyright notice, this list of conditions, and the following disclaimer in the documentation and/or other materials provided with the distribution.

Neither the name of Yahoo nor the names of its contributors may be used to endorse or promote products derived from this software without specific prior written permission of Yahoo.

DISCLAIMER TO BE INCLUDED WITH YAHOO COMPUTER CODE:

THIS SOFTWARE IS PROVIDED BY THE COPYRIGHT HOLDERS AND CONTRIBUTORS "AS IS" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE COPYRIGHT OWNER OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

If your product or service uses or is based upon the Yahoo APIs, then YOU SHALL comply with the following:

The Yahoo Developer Network Attribution Policy located at <http://developer.yahoo.com/attribution/>.

All instructions provided in the Yahoo APIs and their associated documentation on the Yahoo Developer Network to place application identification information (API Key) into any application or service you develop that incorporates or makes any use of the Yahoo APIs. You may only create a single API Key per application or service and such API Key must accompany all web services requests coming from that application or service. You can sign up for an API Key at <http://developer.yahoo.com/wsregapp/> for BBAuth API Keys and at <http://developer.yahoo.com/dashboard/createKey.html> for OAuth API Keys. You must provide accurate identification, contact, and other information required as part of the registration process. You SHALL NOT create any script or other automated tool that attempts to create multiple API Keys.

You represent and warrant to Yahoo that: (a) you have the right to use, reproduce, transmit, copy, publicly display, publicly perform, and distribute any content in or made available to Yahoo and Yahoo users by your use of the Yahoo APIs in the manner contemplated under this Agreement, and that use by Yahoo or others of any such content via the Yahoo web service or API shall not violate the rights of any third party (e.g., copyright, patent, trademark, or other proprietary right of any person or entity), or any applicable regulation or law, including but not limited to any export, re-export, or import laws and the laws of any country in which your content or service is made available; and (b) if you submit or permit the submission of your or your users' content or activity through or into a Yahoo web service or API, you also grant the following perpetual, non-exclusive license to, use of, and rights to your or your users' content or activity to others (such "others" may include but are not limited to Yahoo users): (i) to access, distribute and/or display your or your users' content or activity; (ii) the ability for Yahoo registered users to rate, review, comment on and tag Your Content; and (iii) the ability to access, reproduce, distribute and/or perform your or

your users' content, activity, or information via Yahoo's web service APIs or via RSS or any similar XML or related feeds both on and off Yahoo-controlled web sites.

If you wish to confirm that your application constitutes an acceptable use of the Yahoo APIs or wish to inquire about rate limit increases, register your application with us.

YOU SHALL NOT:

Use the Yahoo APIs in connection with or to promote any products, services, or materials that constitute, promote or are used primarily for the purpose of dealing in: spyware, adware, or other malicious programs or code, the bypassing of copyright protection, counterfeit goods or replica designer products, items subject to US embargo, hate materials (e.g. Nazi memorabilia) or materials urging acts of terrorism, human suffering or violence, defamatory, libelous or threatening material, goods made from protected animal/plant species, recalled goods, any hacking, surveillance, interception, or descrambling equipment, cigarettes or cigarette tobacco, illegal drugs and paraphernalia, unlicensed sale of prescription drugs and medical devices, adult or child pornography, prostitution, body parts and bodily fluids, stolen products and items used for theft, fireworks, explosives, and hazardous materials, government IDs, police items, unlicensed trade or dealing in stocks and securities, gambling or gambling items, professional services regulated by state licensing regimes, non-transferable items such as airline tickets or event tickets, money transfers, person to person payments or extensions of credit, non-packaged food items, weapons and accessories, play-to-click or pay-to-read services;

Use the Yahoo APIs in any manner or for any purpose that violates any law or regulation, any right of any person, including but not limited to intellectual property rights, rights of privacy, or rights of personality, or in any manner inconsistent with the Yahoo TOS or these Terms of Use;

Use the Yahoo APIs to operate nuclear facilities, life support, or other mission critical application where human life or property may be at stake. You understand that the Yahoo APIs are not designed for such purposes and that their failure in such cases could lead to death, personal injury, or severe property or environmental damage for which Yahoo is not responsible;

Sell, lease, share, transfer, or sublicense the Yahoo APIs or access or access codes thereto or derive income from the use or provision of the Yahoo APIs, whether for direct commercial or monetary gain or otherwise, unless the API Documents specifically permit otherwise or Yahoo gives prior, express, written permission; or

Use the Yahoo APIs in a manner that exceeds reasonable request volume, constitutes excessive or abusive usage, or otherwise fails to comply or is inconsistent with any part of the Yahoo API documentation located within <http://developer.yahoo.com/> as determined by Yahoo in its sole discretion;

Use the Yahoo APIs in a product or service that competes with products or services offered by Yahoo, unless the API Documents specifically permit otherwise or Yahoo gives prior, express, written permission.

Collect from the Yahoo APIs, or use or disclose if obtained from the Yahoo APIs, or write to the Yahoo APIs, any Yahoo user data, personal information as defined by the Children's Online Privacy Protection Act, or other information associated with users under age 13.

Use the Yahoo APIs on or in a website or service directed to children, as defined by the Children's Online Privacy Protection Act, unless otherwise expressly agreed to in writing by Yahoo.

OAuth and Browser-Based Authentication ("BBAuth"). If your use of Yahoo APIs will access Yahoo user information, or read or write information from or to Yahoo user accounts through Yahoo APIs, you must use either OAuth (<https://developer.yahoo.com/oauth/>) or BBAuth (<http://developer.yahoo.com/auth> to authenticate your access to the Yahoo network. The terms of this Section 1(h) applies to your use of OAuth and BBAuth.

Yahoo takes end user security and privacy very seriously, and you agree to give us all necessary assistance for the operation of your Application in compliance with these TOU and any applicable laws.

Securing User Consent. You are solely responsible for securing clear, express consent from the user, granting you permission to access such user's Yahoo account using OAuth-enabled APIs or BBAuth-enabled APIs, including if applicable, retrieving user-specific information, or writing information to such user's account. You will strictly comply with the scope of express consent they granted you when accessing such user's Yahoo account.

Contact and Cooperation. You (or the name of the contact you gave to Yahoo when you applied for your API Key for review if it's not you) must be reachable at all times for security questions or concerns. You can change this name or contact by signing up for a new API Key, and providing the correct contact information and using the new API Key instead. (<http://developer.yahoo.com/wsregapp/> for BBAuth API Keys and <http://developer.yahoo.com/dashboard/createKey.html> for OAuth API Keys).

Virus Precautions. All materials, including software and documents, that you provide to Yahoo, must be checked with Internet industry standard up-to-date antivirus and anti-worm software, and determined to be virus-free and worm-free. Any data provided to Yahoo must not contain harmful scripts or code.

Industry Standards. Your networks, operating system and software of its web server(s), routers, databases, and computer systems (collectively, "System" or "Systems") must be properly configured to Internet industry standards, as required to securely operate your Application. If you do not completely control any aspect of the System you will use all control or influence that you have over such Systems, and you will not architect or select Systems in a manner to avoid the foregoing obligation. An example of an unacceptable server is one that operates as open proxy. An example of architecting in an unacceptable manner would be if you select a server operated by a vendor with substandard security practices, so that you could contend that you do not control such server, in order to avoid having to select an acceptable server.

Reporting. You must promptly report any security deficiencies in or intrusions to your Systems that you discover to Yahoo in writing via email to ynoc@yahoo-inc.com. You will work with Yahoo to immediately correct any security deficiency, and will disconnect immediately any intrusions or intruder. In the event of any such security deficiency or intrusion, you

will make no public statements (i.e. press, blogs, bulletin boards, etc.) without prior written and express permission from Yahoo in each instance.

Access Control to Systems. To the extent you have control or influence over the Systems, you will log (in a time and date-stamped fashion) all instances of access to the Systems. you will encrypt the password and username files for the Systems that store or process any Yahoo user data that you are permitted by Yahoo to access. Passwords must be unique, unintuitive, and changed often. You will minimize access to and use of the passwords. Wherever possible, commands which require additional privileges should be securely logged (with time and date) to enable a complete audit trail of activities. When an individual terminates his or her employment with you, his or her passwords and access password facilities must be terminated immediately.

Security Reviews. Yahoo will have the right, at its own expense, to review, or to have an independent third party that is not your competitor, to inspect and review your compliance with these security provisions. You will (at your own expense) correct any security flaws detected by such a review as soon as possible. You will then promptly certify to Yahoo in writing that the security flaw has been corrected, along with a description of the corrective action(s) taken. Yahoo will give you 48 hours notice before conducting such a review, and may conduct no more than four reviews annually. Any such review will be conducted during regular business hours in such a manner as not to interfere with normal business activities. If a review reveals a material breach of any of these security provisions, you will reimburse Yahoo for the reasonable costs of the review.

Data Collection, Storage, and Use.

You may not retain or use, and must immediately remove from any Application and any data repository in your possession or under your control any Yahoo user data obtained through the Yahoo APIs not explicitly identified as being storable indefinitely in the API Documents within 24 hours after the time at which you obtained the data, or such other time as Yahoo may specify to you from time to time, including pursuant to notification received from application uninstall event handlers.

You may not disclose any Yahoo user data or store any Yahoo user data in any data repository which enables any third party (other than the Yahoo user) access unless such disclosure or third party access is expressly permitted by the Yahoo user and disclosed in your privacy policy, which must be directly accessible through a link in your Application using Yahoo APIs.

You may not share GUIDs (Global Unique Identifiers) with any third party.

You must disclose to end users of your product or service, in an easily accessible privacy policy, the fact that a third party collects, stores and uses personal data in connection with your product or service.

Ownership.

The Yahoo APIs may be protected by copyrights, trademarks, service marks, international treaties, and/or other proprietary rights and laws of the U.S. and other countries. Yahoo's rights apply to the Yahoo APIs and all output and executables of the Yahoo APIs, excluding any software components developed by you which do not themselves incorporate the Yahoo APIs

or any output or executables of the Yahoo APIs. You agree to abide by all applicable proprietary rights laws and other laws, as well as any additional copyright notices or restrictions contained in these Terms of Use and in the TOS. Yahoo owns all rights, title, and interest in and to the Yahoo APIs. These Terms of Use grant you no right, title, or interest in any intellectual property owned or licensed by Yahoo, including (but not limited to) the Yahoo APIs and Yahoo trademarks.

Support.

Yahoo may elect to provide you with support or modifications for the Yahoo APIs (collectively, "Support"), in its sole discretion, and may terminate such Support at any time without notice to you. Yahoo may change, suspend, or discontinue any aspect of the Yahoo APIs at any time, including the availability of any Yahoo APIs. Yahoo may also impose limits on certain features and services or restrict your access to parts or all of the Yahoo APIs or the Yahoo Web site without notice or liability. Please register your application for priority notification of status alerts.

Fees and Payments.

Yahoo reserves the right to charge fees for future use of or access to the Yahoo APIs or the Yahoo services and Web sites (collectively, "Yahoo APIs Services") in Yahoo's sole discretion. If Yahoo decides to charge for the Yahoo APIs Services, Yahoo will provide you prior notice of such charges.

Disclaimer of Any Warranty.

SOME OF THE YAHOO APIS ARE EXPERIMENTAL AND HAVE NOT BEEN TESTED IN ANY MANNER. YAHOO DOES NOT REPRESENT OR WARRANT THAT ANY YAHOO APIS ARE FREE OF INACCURACIES, ERRORS, BUGS, OR INTERRUPTIONS, OR ARE RELIABLE, ACCURATE, COMPLETE, OR OTHERWISE VALID.

THE YAHOO APIS ARE PROVIDED "AS IS" WITH NO WARRANTY, EXPRESS OR IMPLIED, OF ANY KIND AND YAHOO EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES AND CONDITIONS, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AVAILABILITY, SECURITY, TITLE AND/OR NON-INFRINGEMENT.

YOUR USE OF YAHOO APIS IS AT YOUR OWN DISCRETION AND RISK, AND YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE THAT RESULTS FROM THE USE OF ANY YAHOO APIS INCLUDING, BUT NOT LIMITED TO, ANY DAMAGE TO YOUR COMPUTER SYSTEM OR LOSS OF DATA.

Limitation of Liability.

YAHOO SHALL NOT, UNDER ANY CIRCUMSTANCES, BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES ARISING OUT OF OR IN CONNECTION WITH USE OF THE YAHOO APIS, WHETHER BASED ON BREACH OF CONTRACT, BREACH OF WARRANTY, TORT (INCLUDING NEGLIGENCE, PRODUCT LIABILITY OR OTHERWISE), OR ANY OTHER PECUNIARY LOSS, WHETHER OR NOT YAHOO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. UNDER NO CIRCUMSTANCES SHALL YAHOO BE LIABLE TO YOU FOR ANY AMOUNT.

Exclusions and Limitations.

SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF CERTAIN WARRANTIES OR THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. ACCORDINGLY, SOME OF THE ABOVE LIMITATIONS OF SECTIONS 6 AND 7 MAY NOT APPLY TO YOU.

Release and Waiver.

To the maximum extent permitted by applicable law, you hereby release and waive all claims against Yahoo, and its subsidiaries, affiliates, officers, agents, licensors, co-branders or other partners, and employees from any and all liability for claims, damages (actual and/or consequential), costs and expenses (including litigation costs and attorneys' fees) of every kind and nature, arising from or in any way related to your use of Yahoo APIs. You understand that any fact relating to any matter covered by this release may be found to be other than now believed to be true and you accept and assume the risk of such possible differences in fact. In addition, you expressly waive and relinquish any and all rights and benefits which you may have under any other state or federal statute or common law principle of similar effect, to the fullest extent permitted by law.

Hold Harmless and Indemnity.

To the maximum extent permitted by applicable law, you agree to hold harmless and indemnify Yahoo and its subsidiaries, affiliates, officers, agents, licensors, co-branders or other partners, and employees from and against any third party claim arising from or in any way related to your use of Yahoo APIs (including anything you develop using the Yahoo APIs), including any liability or expense arising from all claims, losses, damages (actual and/or consequential), suits, judgments, litigation costs and attorneys' fees, of every kind and nature. Yahoo shall use good faith efforts to provide you with written notice of such claim, suit or action.

General Terms.

Relationship of the Parties. Notwithstanding any provision hereof, for all purposes of the Terms of Use, you and Yahoo shall be and act independently and not as partner, joint venturer, agent, employee or employer of the other. You shall not have any authority to assume or create any obligation for or on behalf of Yahoo, express or implied, and you shall not attempt to bind Yahoo to any contract.

Invalidity of Specific Terms. If any provision of the Terms of Use is found by a court of competent jurisdiction to be invalid, the parties nevertheless agree that the court should endeavor to give effect to the parties' intentions as reflected in the provision and the other provisions of such documents remain in full force and effect.

Location of Lawsuit and Choice of Law. The Terms of Use and the relationship between you and Yahoo shall be governed by the laws of the State of California without regard to its conflict of law provisions. You and Yahoo agree to submit to the personal jurisdiction of the courts located within the county of Santa Clara, California.

No Waiver of Rights by Yahoo. Yahoo's failure to exercise or enforce any right or provision of the Terms of Use shall not constitute a waiver of such right or provision.

Miscellaneous. The section headings and subheadings contained in this agreement are included for convenience only, and shall not limit or otherwise affect the terms of the Terms of Use. Any construction or interpretation to be made of the Terms of Use shall not be construed

against the drafter. The Terms of Use constitute the entire agreement between Yahoo and you with respect to the subject matter hereof.

Apache License
Version 2.0, January 2004
<http://www.apache.org/licenses/>

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You

institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 - (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
 - (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade

names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.
